

Researching Your New England Ancestors

Kay Allen

Monday, January 25, 2010

Whether your ancestors arrived on the Mayflower or came to New England at a later date, our program will outline some New England genealogy resources for researching your New England roots. Genealogical interest in New England has generated thousands of compiled records, including family histories, genealogical dictionaries, and local (town and county) histories. Join us to explore these and other means available to today's genealogist—including quite an array of books in our own library!

Our speaker, Kay Allen has 40 years of experience in genealogy research. She is an accredited genealogist in Eastern States; AG test ready in New England and has her BA from San Jose State in Social Science, History and Political Science. She has attended many National and Regional genealogy conferences. Kay was a lecturer for the Silicon Valley PAF Users Group and the San Jose Regional Family History Center. She has been an instructor for the LDS church for 35 years.

Please join us on **January 25** at 1:00 p.m. at the Davis Senior Center. Guests are most welcome and encouraged to come to our meetings!

Our library is open to the public on Wednesday and Friday from 1:00 to 4:00 p.m. Volunteers are available during these hours to help with questions.
