

DAVIS GENEALOGY CLUB

APRIL 2015

Exploring the

FamilySearch Family Tree

Speaker: Lois Richter

Recent changes made to FamilySearch.org open up exciting new ways to move our research forward. In this presentation, club member and longtime researcher, Lois Richter, will introduce us to the new community family tree where we can share our information with others without compromising the research on our own computers. [FamilySearch's](#) new feature allows us to create links to pertinent informational resources--census records, birth and death records, obituaries, probates, and immigration records. Using her own case histories, Lois will demonstrate how she accesses, learns from, and adds to the evolving community family tree.

Reservations will be taken for Lois' hands-on workshop to take place the following Monday, April 27th at 1 p.m., where participants will upload their own data to the tree using their own computers and devices.

Lois Richter has been producing television shows since 1992 and she hosts two radio shows on KDRT (95.7) in Davis. She is a former research assistant at the Eastern Avenue Family History Center in Sacramento and is the designer of the Davis Genealogy Club website. Lois has family lines in Wisconsin, Illinois, Michigan, England and Germany.

TUESDAY, APRIL 21ST • 1 PM

DAVIS SENIOR CENTER • 646 A STREET • DAVIS
