## The Best Online Sites for German Genealogy

Speaker:  
James Baker, Ph.D., CG

An experienced genealogist and German research expert, Jim Baker will show us the ten most useful internet sites for German research (in both the U.S. and in Germany), and discuss the major genealogy sources in Germany: church, civic, and property records—and German genealogy forums.

This talk will provide a head start on researching your German lines—a valuable advantage in preparing for the exciting Sacramento 2019 International German Genealogy Conference at the Hyatt Hotel in June. Registration for the conference opens on November 1. Visit: <https://iggpartner.org/index.php> to learn more about this exciting event.

James Baker is an experienced genealogist and German research expert, having done serious research for the last 17 years. He holds a PhD in sociology and has taught at both the UC and CS University systems. Baker is retired from a career in the aerospace industry and now writes for the acclaimed newsletter of the Sacramento German Genealogy Society, *Der Blumenbaum*. He currently volunteers as a specialist at the Sacramento FamilySearch Library.
